Attention: Certificate of Correction Branch

REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR § 1.322

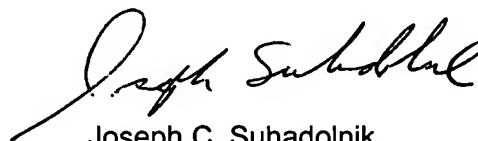

Patentees recently received a copy of the above-mentioned patent and discovered that there were errors on the title page under Items (22) and (86). The PCT International filing date, PCT International application number and the 371 (c)(1), (2), (4) Date were listed incorrectly. The PCT International filing date (under Item 22) should read: **June 26, 2003** not **June 24, 2003**, the application number (under Item 86) should read: **PCT/EP2003/06789** not **PCT/EP2003/50252** and the 371 date under Item (86) should read: **December 22, 2004** not **December 21, 2004** according to all the Patent & Trademark Office (PTO) correspondence received by Applicants throughout the case. Applicants note that the National Stage application was sent to the PTO on December 21, 2004 by Express Mail. However, the **December 22, 2007** date was accepted by Applicants at the time because it was within the time limit to file this National Stage application which was due January 5, 2004 and as noted above all (PTO) correspondence listed it as the filing date. Enclosed is a copy of the title page of the instant International Publication No. WO 2004/005617 and a copy of the acknowledged receipt postcard listing the filing date as December 22, 2004 by the (PTO) both showing the information listed above is true. A request for a Certificate of Correction is hereby submitted pursuant to 37 CFR § 1.322.

Attached in duplicate is Form PTO-1050, with at least one copy being suitable for printing.

As will be noted in the application as filed, this error is not ascribable to the patentees so it is submitted that no fee is due. However, should it be determined that a fee is necessary Applicants hereby give the Commissioner authorization to debit patentees Deposit Account 03-1935.

Respectfully submitted,
